

NEWS RELEASE

KYOCERA Corporation Joins ULDAGE Patent Pool for Japanese Digital Television
Broadcasting Standards (ARIB Standards)

(Tokyo Japan – May 20, 2019) ULDAGE Inc. announced today that KYOCERA Corporation has joined the patent pool for ARIB Standards making its essential patent licenses available through ULDAGE Inc.. The joining of KYOCERA Corporation to the pool, now makes the number of companies 19* which are licensing their essential patents for ARIB standard through ULDAGE Inc., resulting in further simplification of the complicated patent issues for those who use ARIB standards.

ULDAGE Inc. welcomes having additional holders of essential patents so as to further expand the program.

The essential patent owned by KYOCERA Corporation will be published as from July 1, 2019 on Uldage's website.

* Dolby International AB, FUJITSU Limited, INFOCITY, Inc., InterDigital CE Patent Holdings, SAS, JVC KENWOOD Corporation, KDDI CORPORATION, KYOCERA Corporation, LG Electronics Inc., Maxell, Ltd., Mitsubishi Electric Corporation, NEC Corporation, NHK Engineering System, Inc., Nippon Hoso Kyokai (NHK), Orange SA (Formerly known as France Telecom, SA), Panasonic Corporation, Sanyo Electric Co., Ltd., Sharp Corporation, Sony Corporation, Toshiba Corporation

About ULDAGE Inc.

ULDAGE Inc. was established in July 2006 for the purpose of providing tools for revitalizing business by creating a competitive environment through collaboration and resolution of patent issues in this complex digital age. ULDAGE Inc. undertakes its business by granting licenses for essential patents held by multiple parties in a single package (by the patent pooling method) which offers convenience to both patent holders and business operators.
